

# K&B Duct Special Components

This is Jason,  
a K&B Certified  
Welder.

But what are these?

**Frankly, we don't know either.** But that wasn't important. What WAS important is that the customer had a need and a design for special hoods. We took it from there. Not bad....Huh? While we are known for our standard Clamp-Together Duct and our FOREVER Clamp guarantee, it is our dedication to service and providing total solutions that is our pride and joy.

**K&B Duct– Clamp-Together Duct**  
**ALL COMPONENTS: Standard And Special with Rolled Lip**
